SEX OFFENDER REGISTRY: Learn if a sex offender is living in your neighborhood!

New Yorkers now have the ability to find out if any high or moderate risk sex offenders live in their neighborhood by simply doing a search on the Registry's website.

There are currently over 31,000 convicted sex offenders listed on the State's Sex Offender Registry. Parents, teachers, grandparents and caregivers should have the ability to know if a sex offender is living near their children so they can take the necessary precautions to protect them.

To access the registry, click here:

You will be required to enter your name and address and then you will be able to search the directory by last name, county or zip code.
