

NEW YORK STATE SENATOR

David J. Valesky

First Meeting of the Rules Reform Committee

DAVID J. VALESKY March 17, 2009

| ISSUE: **RULES**

The Temporary Committee on Rules Reform was created at the beginning of the 2009 session to return New York State government to its rightful owner: the people. In a bipartisan effort, Co-Chairs David Valesky and John Bonacic have been spearheading a series of public hearings to solicit input from the public on changes that should be made in the way the State Senate operates.

The Rules Reform Committee met today to push forward on the Senate's reform agenda. Watch the video from the meeting below, or see the attachment for the minutes.
