

NEW YORK STATE SENATOR

Owen H. Johnson

SENATOR JOHNSON PROVIDES \$50,000 GRANT TO THE NORTH BABYLON PUBLIC LIBRARY FOR THE INSTALLATION OF 70 SOLAR PANELS.

OWEN H. JOHNSON June 25, 2009

Senator Owen H. Johnson secured a \$50,000 grant for the North Babylon Public Library for the installation of 70 solar panels that are being placed on the roof of the library. An additional grant in the collective amount of \$12,000 was also provided by Assemblyman Robert Sweeney (11th Assembly District), Assemblyman Phillip Boyle (8th Assembly District), and Assemblyman Andy Raia (9th Assembly District). It is expected that these 70 solar panels should generate enough electricity to power the entire library throughout the year.

Pictured from left to right are: Senator Owen H. Johnson (4th Senate District), Marc Horowitz, Director of the North Babylon Public Library, Assemblyman Robert Sweeney (11th Assembly District), Assemblyman Phillip Boyle (8th Assembly District), and Scott Sousa from Long Island based Sun Power Systems.
