Celebrating the Launch of the Brooklyn-Governor's Island Ferry

DANIEL L. SQUADRON June 7, 2009

Brooklyn-Governors Island Ferry

On June 6, I was thrilled to celebrate the launch of free ferry service between Fulton Ferry Landing and Governors Island. The restoration of ferry service is something I have long pushed for and it is another positive step toward the vision of a Central Harbor Park for the 21st century. This summer, we will have:

- Free ferry service from Fulton Ferry Landing to Governors Island
- Ferries to run on the hour, every Saturday when there is scheduled programming on the

island

- Visit www.govisland.com for a complete schedule

I hope to see you on the island this summer!
