Parent Resource Guide

DANIEL L. SQUADRON October 8, 2009

| ISSUE: **EDUCATION**

My staff and I handed out thousands of the first-ever 25th Senate District Parent Resource Guides on the first day of school last month. My guide offers parents and educators a comprehensive list of government, civic and educational resources available in the 25th Senate district. I am happy to offer this to my constituents, and eager for input and feedback on how we can improve future editions. I hope it is helpful, and please contact my office to receive your own copy.
