Montessori Students Providing Halloween Treats For Our Military

MICHAEL F. NOZZOLIO November 9, 2009

Contributing to public service, and providing special attention to those who serve in our military are two issues I value highly. Webster Montessori students continue to impress me by selflessly donating their Halloween candy to our troops serving overseas. As in years past, I am pleased to once again assist them in their benevolence by providing the funds to ship the candy to those men and women in our armed forces.
