On Sunday, January 10th, 2009, Senator Robach helped cut the ribbon on a \$2.5 million addition at Lakeshore Community Church in Greece. The new 20,000-square foot community center includes a gymnasium and multipurpose room, a student room, an atrium, storage building, and kitchen. About \$1.4 million was raised for the ...project by the congregation, with the rest of money coming from church reserves and financing through a bond company.
