Fred Breithut, An Innovator and an Inspirational Leader Has Touched Many Lives

OWEN H. JOHNSON April 27, 2010

From Senator Owen Johnson:

I am very sad to hear of the loss of my good friend Fred Breithut, an innovator and an inspirational leader who has undoubtedly touched the lives of many.

Fred envisioned and created a tremendous learning environment for students involved in science and technology through the incredibly successful Long Island Regional FIRST

Robotics competition.

As the founder of the School-Business Partnerships of Long Island, Inc., Fred's legacy will be felt well into the future in the partnerships created between schools, businesses and communities throughout Long Island.
