

NEW YORK STATE SENATOR

Michael F. Nozzolio

Port Gibson Fire Department

MICHAEL F. NOZZOLIO October 25, 2010

The Port Gibson Fire Department admirably serves their community with incredible bravery. Senator Mike Nozzolio recently with members of the Fire Department and inspected their new thermal imaging camera. This vital tool has proven to save lives, help to put out fires faster, and prevent our emergency rescue workers from putting themselves in even greater danger.
