| ISSUE: **TRANSPORTATION, FEDERAL PROGRAMS**

Senator Gianaris said, "It is a great day when we can announce an influx of federal money, enhancements to our rail yards and the creation of new jobs in our community all at once. As a hub for train travel, Western Queens has experienced its fair share of transportation problems, which this grant will help fix. I thank Congresswoman Maloney for working so hard to bring this area these much needed funds and I look forward to making Sunnyside Yards a more efficient junction."
