

NEW YORK STATE SENATOR

Joseph E. Robach

New York State Battery and Energy Storage Technology Consortium

JOSEPH E. ROBACH April 23, 2012

| ISSUE: **ENERGY, TRANSPORTATION, RENEWABLE ENERGY, GOING GREEN**

Recently, I had the privilege to attend the New York Battery and Energy Storage Technology Consortium at Eastman Business Park. This conference previewed commercial, cost-effective energy storage technology and the impact on the energy and transportation industries. For more information, visit www.ny-best.org.
