

NEW YORK STATE SENATOR

Eric Adams

Senator Eric Adams comments on "Erin Merryn's law" during Senate Session

ERIC ADAMS May 1, 2012

Senator Adams voted "yes" for the Erin Merryn's law today.

The legislation, "Erin Merryn's Law," (S.6182 Klein/ A.8993 Dinowitz), would require schools to make a change to their existing curriculum for child abduction to include age appropriate information on child sex abuse prevention. This alteration would give critically important information to victims – many of whom do not know there is a way out of their horrific situation.
