Help Troops Connect With Families

ERIC ADAMS June 6, 2012

Do you take a call home for granted?

More than 369,000 troops serving overseas don't. Roaming fees from Afghanistan average \$3.99 a minute, making a call home a rarity for many military professionals. Cell Phones for Soldiers helps troops call home by providing FREE communication tools to each branch of the United States Military. Sponsor a heart-felt call by donating a gently-used mobile phone or making a donation at www.cellphonesforsoldiers.com.

Help troops call home today!

Cell Phones for Soldiers

Cell Phones for Soldiers was founded in 2004 by Robbie and Brittany Bergquist, then 12 and 13 years old. With only \$21, the two set out to provide service men and women

"We will continue Cell Phones for Soldiers as long as there
