Bryant & Stratton Breaks Ground

JOSEPH E. ROBACH July 9, 2012

| ISSUE: **EDUCATION, CONTINUING EDUCATION**

(Rochester, NY) - Recently, I had the privilege to speak at, and take part in, the ground breaking ceremony for Bryant and Stratton College's new campus in Greece. The new campus, on Long Pond Road, is expected to house classes beginning in January 2013. It will have a larger library and learning center than its current location offers, along with a medical lab, a crime lab, and computer labs. For more information, visit <http://www.bryantstratton.edu/>.
