On Sunday night, August 19th, the Rochester Red Wings hosted 'Strike Out Bullying' night as the team played host to the Empire State Yankees. Prior to the game, I had the privilege to join Citizens Against Teen Suicide to provide remarks and to present a bat, autographed by the Red Wings team, to Karen Klein of Greece, who was the victim of bullying on a school bus earlier this summer. The night also featured a guest appearance by former New York Yankees pitcher Tommy John and motivational speaker Bob Holmes.
