On a recent summer afternoon, Senator Jack M. Martins received a tour of the beautiful facility that comprise the Great Neck Park District. Commissioners Ruth Tamarin and Robert Lincoln met Senator Martins in the Great Neck House before going to visit the children's playground, pool, ice skating rink (which is set up for basketball in the summer) and the marina.

"Thank you to Commissioners Tamarin and Lincoln for the tour. The facilities are beautiful. I commend the board and staff on their efforts to provide the community with such valuable services," Senator Martins said.
