| ISSUE: **CONSTITUENTS CORNER**

New York Blood Center (NYBC) is urgently calling on Long Islanders to roll up their sleeves to help fill the void. According to the NYBC, the cancellations and corresponding loss of donations has led to a low supply of blood – especially O-Negative.

NYBC has events scheduled daily where people can donate and are always welcoming donors to visit one of their walk-in centers.

Smithtown High School West Relay for Life-May 31st

Smithtown HS West LOTE teacher, Katherine Aretz is organizing this year's Relay for Life Event with some assistance from HS West's Leadership students under the direction of teacher Paul DeMatteo.

The Relay for Life event will take place at HS West on Saturday May 31st, 2014.

Each year, more than 4 million people in over 40 countries raise much needed funds and awareness to save lives from cancer through the Relay for Life movement.

If you would like to participate and/or donate to the HS West Relay for Life Event on May 31st to benefit The American Cancer Society, please [click here](#).

The information included on this page is for community notification only. The posting of this information on this web site should not imply any participation or endorsement of any single event or organization.

If a resident or organization has an event that would be of interest to other members of the community, please email the information to flanagan@nysenate.gov. Please include all relevant information such as location, date, time and a website address. All submissions will be reviewed by Senator Flanagan's staff prior to being posted.
