Eric Adams

Statement from NYS Senator Eric Adams regarding the eleventh anniversary of September 11th

ERIC ADAMS September 11, 2012

Senator Adams' statement:

"On this eleventh anniversary of the most pernicious carnage our nation has ever experienced, that has stripped us of spouses, grandparents, parents, children, siblings, other family members, friends, and even the unborn – let us reflect on the void left behind by those who fell too soon and unexpectedly. Let us honor their memory by standing for equality, freedom, liberty and justice of all."
