Earlier this afternoon, I had the privilege to speak at, and help cut the ribbon at, the grand opening ceremony for Erie Harbor Waterfront Apartments and Townhomes. Located on Mt. Hope Avenue, Erie Harbor is the newest urban living community unveiled by Conifer Realty. It has 131 appointed and designed apartments and townhomes, which include 28 unique floorplans. The development includes a community center which houses a fitness center. For more information on Erie Harbor, visit www.liveaterieharbor.com.
