Earlier this morning, I had the privilege to take part in the Virgil I. Grissom School #7 Faculty/Guest vs. Students basketball game. I was joined by New York State Assemblyman Brian Kolb, along with faculty and staff from School #7. Prior to the game, I had the opportunity to meet with students in their classroom, and following the game, I met members of the school's basketball team. Great job by everyone this morning and great school spirit shown by all of the students in attendance!
