Senator Dilan | Re: Governor Cuomo's 2013 State of the State Address

MARTIN MALAVÉ DILAN January 9, 2013

"Governor Cuomo has put forth an exciting, challenging and progressive agenda for 2013.

"Whether it is an additional \$1 billion (14,000 units) in new affordable housing, increasing the State's minimum wage, pay equity for women and a reproductive health act, to campaign finance and common-sense gun measures that address both illegal, and high-capacity weapons, Governor Cuomo's message was inspiring.

"I look forward to working with him to ensure that our shared goals become a reality in my home district of North Brooklyn and throughout New York State."
