Carriage Factory Renovation Ground Breaking

JOSEPH E. ROBACH March 28, 2013

| ISSUE: **ECONOMIC DEVELOPMENT, HOUSING, CONSTRUCTION, COMMUNITY DEVELOPMENT**

Earlier this afternoon, I had the privilege to join in the ground-breaking ceremony to mark the renovation of the Carriage Factory Apartments. These are located on Litchfield Street in Rochester. The building, which was built in 1910 and has been vacant for the past 25 years, was once home to Cunningham Carriage Factory. Once renovations are complete, it will include 71 units of affordable rental housing to accommodate people with special needs through DePaul Community Services Inc. For more information on DePaul, visit <http://www.depaul.org/>.
