Legislation Supporting Reservists & National Guard Members

ANDREA STEWART-COUSINS June 6, 2013

The Senate Democratic Conference supported legislation allowing local governments to grant a 5% tax reduction to long-term veterans of the National Guard or any of the reserve branches of the United States Military.

Specifically, this bill ([S.553B](#)) gives any municipality in the state the authority to create a 5% local property tax exemption for all Reservists and National Guard members who have received their standard “20-year letter,” which informs them of their eligibility for military retirement benefits.
