Last night, I was pleased to join my colleagues in government at the Breast Cancer Coalition of Rochester's 10th annual Terri Schmitt Legislative Reception. This reception was highlighted by a beautiful tribute to Terri from her son, Tim Deckman.

Terri served as Co-Chair of the BCCR and was an unbelievable advocate for our community until losing her own battle with breast cancer in April 2002. While it's been 11 years since Terri's unfortunate passing, her legacy and vision lives on through the BCCR.
