Enrico Fermi School 17 Ribbon Cutting

JOSEPH E. ROBACH August 29, 2013

| ISSUE: **EDUCATION**

The Rochester City School District held a ribbon cutting today for Enrico Fermi School 17 on Orchard Street. School 17 is an extended learning time school, adding 300 hour to the school year for each student in grades Pre-K through 8th. This school will provide City School students with all of the tools needed to be successful in the classroom.

Best of luck to Principal Dr. Ralph Spezio, the teachers, students and parents of School 17 on a great school year!
