Canandaigua- Senator Mike Nozzolio and Assemblyman Brian Kolb recently joined members of the local community in celebrating the placement of the Cheshire Meeting Hall on the National Registry of Historic Places. Senator Nozzolio and Assemblyman Kolb presented a joint New York State Resolution that was formally adopted in the New York State Legislature to commemorate this historic and significant occasion. Built in 1898, the Cheshire Meeting Hall was originally a landmark family theater and today is part of a community-
