

NEW YORK STATE SENATOR

Brad Hoylman-Sigal

Letter on Outside Employment for the 2012 Calendar Year

BRAD HOYLMAN September 12, 2013

The Moreland Commission to Identify Public Corruption has requested members of the State Legislature provide them with details of outside employment income over \$20,000 from any single source in calendar year 2012. I took office as a state senator on January 1, 2013 and since this date have had no outside income. Please see my response to the commission below.
