Eastern Niagara Hospital creating new ambulatory surgical center in Lockport

GEORGE D. MAZIARZ January 16, 2014

| ISSUE: **HOSPITALS**

Eastern Niagara Hospital is creating an ambulatory surgery center on Transit Road in Lockport to better serve local residents in outpatient setting. The facility will have four surgical suites as well as pre-operative areas, recovery, and support functions. Anticipated specialties include orthopedics, plastic/reconstructive surgery, gastroenterology, ophthalmology, and general surgery. Today marked the construction kick-off for the \$3 million project. Congratulations to ENH on this expansion!
