Senator Bonacic provided remarks at a Middletown press conference today, August 28, 2014, held by Rep. Sean Patrick Maloney to mark the three year anniversary of Hurricane Irene. This event also recognized the millions of FEMA-aid dollars that have come in to help communities rebuild from this storm, as well as Hurricane Sandy and Tropical Storm Lee. The Senator thanked all of our Federal representatives, past and present, for providing the critical assistance to our disaster victims. Also in attendance were Orange County Executive Steve Neuhaus (r), Middletown Mayor Joe DeStefano (not pictured), and other city officials.
