Brockport Fire Department Remembers 9/11

Joseph E. Robach

September 11, 2014

This morning, I joined the Brockport Fire Department and the Brockport community for their annual 9/11 remembrance ceremony. It's hard to believe that this ruthless

attack on American civilians happened 13 years ago today. Today, and every day, we remember those innocent people and all of the first responders who died that day.

The Brockport Fire Department is holding a day-long remembrance at Station #4 on North Main Street, I encourage you to stop by if you have the opportunity.
