Joseph E. Robach

Pearl Harbor Remembrance

JOSEPH E. ROBACH December 8, 2014

| ISSUE: **VETERANS**

December 7, 1941 is a day that will live in infamy in American history. The attacks on Pearl Harbor brought our nation into World War II, changing the course of history. The Rochester community came together yesterday morning at the Rochester Yacht Club to remember all who died that day, and honor those who survived. We were honored to have three local Pearl Harbor survivors in attendance as we paid tribute and remembered those killed during the attacks of December 7, 1941.
