Senator Robach Secures \$6 Million in State Funding for the City of Rochester

JOSEPH E. ROBACH July 10, 2015

I was proud to lead the efforts to secure \$6 million in State funding for the City of Rochester, working with my partner in the Senate, Senator Rich Funke. This funding was announced at yesterday's Finger Lakes Regional Economic Development Council meeting, and will help strengthen our city's neighborhoods, create quality housing options and stabilize its tax base.
