RIT Announces MAGIC Center

JOSEPH E. ROBACH July 10, 2015

| ISSUE: **HIGHER EDUCATION**

It was an exciting day yesterday as RIT announced plans for its multimillion dollar MAGIC Center. The MAGIC Center will be home to RIT's media and game design facility, a rapidly growing industry in New York and nationwide. This facility will increase RIT's ability to offer this development program to more students, and will help move New York to the top of the digital and game industry.
