Important Information About Preferential Rent

LIZ KRUEGER November 4, 2015

| ISSUE: **HOUSING, AFFORDABLE HOUSING, PREFERENTIAL RENT**

There's been much discussion recently of exploitation of tenants related to preferential rent deals. It's very important that people have all the facts about preferential rents, and these fact sheets provided by the Metropolitan Council on Housing and the New York State Division of Housing and Community Renewal provide lots of useful information.

Please take a look at the fact sheets linked below. If you have any further questions, call one of the organizations mentioned above or your local elected officials. If you live in the 28th State Senate District, please don't hesitate to call my office at 212-490-9535, or send me an email at liz@lizkrueger.com.
