

NEW YORK STATE SENATOR

David J. Valesky

Madison Cortland ARC Thanks Sen. Valesky

DAVID J. VALESKY November 19, 2015

Madison Cortland ARC Executive Director Jack Campbell (right) thanked Sen. Valesky on Nov. 19, 2015 for sponsoring legislation that makes permanent an agreement that allows Madison Oneida BOCES to continue providing bus repair services to ARC. Currently, ARC operates a fleet of buses for transporting its developmentally disabled clients to and from work, social, and other activities. In an effort to promote partnerships and ensure that quality, local maintenance and repair services remain available for ARC's fleet of buses, the New York State Legislature passed a bill, and the Governor signed on July 14, authorizing BOCES to provide ARC with these much needed services permanently. With Sen. Valesky are (from left) Assemblyman Bill Magee and Sen. Joe Griffo.
