“Jobs and economic opportunities will be the outcome of the state grant awards announced today. Our manufacturing, recreation, tourism and quality of life will be enhanced, and I salute my local people who worked so hard to develop these projects. It shows that by working together we can achieve great results,” said Senator Catharine Young.

Allegany County projects that received funding include:

- \$1.5 million for the New Forest Economy project at Alfred State College;
- \$40,950 for the Cuba Friends of Architecture;
- \$900,000 for the villages of Bolivar and Richburg’s joint water improvement project; and
- \$50,000 for the Village of Wellsville’s waterline project.

Cattaraugus County projects that received funding include:

- \$920,000 for improvements to the William O. Smith Recreation Center;
- \$345,000 for Olean Business Development Corporations' downtown revitalization efforts;
- \$100,000 for the Cattaraugus Community Action, Inc.'s Culinary Arts Training program;
- \$50,000 for the County's redevelopment efforts;
- \$49,500 to enhance current arts, culture and heritage businesses and programs in the County;
- \$27,750 to help the Cattaraugus County Arts Council expand programming;
- \$160,000 for the City of Olean's North 3rd Street Reconstruction Project; and
- \$600,000 for upgrades to the Village of Little Valley's wastewater treatment plant.
