

NEW YORK STATE SENATOR

Rich Funke

Statement From New York State Senator Rich Funke

RICH FUNKE January 11, 2016

"The GEA represented the worst of Albany, robbing Upstate schools of funding they deserved simply to help politicians plug a budget gap of their own making. It was wrong, it cost districts in Monroe and Ontario counties over \$120 million, and it hurt students and teachers in the classroom in the process. Last year we dealt a blow to the GEA by cutting it in half and this year the Senate will take the lead on finishing the job. This has been a top priority of mine since day one, so I'm proud we're one step closer to giving local schools the full support they need to provide a job-ready education for students across our region."
