Senator Serrano's office was joined by the Food Bank For NYC at the Mitchell Houses Senior Center to provide SNAP Assistance for residents of the South Bronx. Senator Serrano and the Food Bank For NYC offered one-on-one personal assistance to determine eligibility for SNAP, as well as additional assistance with completing recertification and reporting changes to accounts.

This SNAP information session was part of the Senator's month-long off-site constituent services hours focused on informing residents about health and wellness initiatives. During the month of January, the Senator partnered with various health groups, such as NYC Health Department's East Harlem and Bronx Public Health Offices, the New York StateWide

Senior Action Council and the Food Bank for New York City, to inform constituents about free health services available to them.
