Senator Jack M. Martins (R-7th Senate District) and the Alzheimer's Foundation of America (AFA) are partnering to bring a free memory screening program to Port Washington. The program will take place on Tuesday, June 14th from 12 pm to 3 pm at the Port Washington Library (1 Library Drive, Port Washington).

Screenings consist of a series of questions to gauge memory, language and thinking skills. The memory screening takes approximately 10 minutes and is confidential. Participants will be provided with the results on-site. Results are not a diagnosis, but a memory screening can suggest if someone should see a physician for a full evaluation.

The program is free of charge and open to everyone, however appointments are required and will be scheduled on a first come, first served basis.

Appointments for the free memory screening program can be scheduled by calling Senator Martins' office at 516-746-5924.
