Jesse Hamilton

Celebrating a Night of Art, Culture, & Public Health

JESSE HAMILTON June 29, 2016

| ISSUE: **COMMUNITY EVENTS**

Thanks NYC Health + Hospitals / Kings County for hosting a celebration of arts and culture in recognition of Men's Health Month 2016 and featuring Brooklynite, artist, and art historian Juan Carlos Pinto among the speakers.

The evening touched upon a number of critical themes including advancing youth mentorship and violence prevention, addressing men's health challenges, and bringing together experts and community.

Thanks to our hosts and thanks to the Kings County staff, neighborhood residents, and everyone who was able to join us. A truly great evening!
