

NEW YORK STATE SENATOR

John J. Bonacic

Senator Bonacic Attends Groundbreaking Ceremony for Metallized Carbon Corporation in the Town of Fallsburg

JOHN J. BONACIC July 20, 2016

(**Middletown, NY**)-Senator John J. Bonacic (R/C/I-Mt. Hope) joined local business leaders, Sullivan County elected officials, and representatives from Metallized Carbon Corporation (METCAR), at a ground breaking ceremony for their new manufacturing facility in the Town of Fallsburg today. METCAR manufactures machine parts for applications where relative motion or rubbing of components must occur with low friction and low wear. This manufacturing facility is the first business to build at the Wild Turnpike Industrial Park in Fallsburg.
