

## 2017-K17

Assembly Resolution No. 17

BY: M. of A. Gunther

MEMORIALIZING Governor Andrew M. Cuomo to proclaim  
January 2017 as Cervical Cancer Awareness Month in  
the State of New York

WHEREAS, Cervical Cancer Awareness Month is an effort to encourage  
and promote the efforts of people and health care practitioners in the  
State of New York to increase awareness about cervical cancer, including  
the early detection, prevention, risk factors, and early warning  
symptoms and signs of the disease; and

WHEREAS, Cervical cancer is the second-leading cancer among women  
worldwide, affecting an estimated 470,000 worldwide resulting in 253,000  
deaths annually; and

WHEREAS, In the United States, the American Cancer Society (ACS)  
estimates that approximately 11,150 cases of cervical cancer will be  
diagnosed, and approximately 3,670 women will die from cervical cancer;  
and

WHEREAS, The American College of Obstetricians and Gynecologists  
estimates that in New York State approximately 1,000 women are newly  
diagnosed with invasive cervical cancer and approximately 300 women die  
from the disease each year; and

WHEREAS, Cervical cancer is almost 100% curable if diagnosed and treated early; it is one of the most successfully treatable cancers with a five-year survival rate of 95%; and

WHEREAS, Invasive cervical cancer is almost totally preventable by routine screening; the high incidence of death from cervical cancer is due mainly to a lack of access leading to the early detection procedures available to women; and

WHEREAS, The American Cancer Society recommends that all women who have reached 21 years of age, and those who are or have been sexually active regardless of age, should be screened regularly for cervical cancer; and

WHEREAS, Spreading the awareness about cervical cancer would increase the chances of survival; and

WHEREAS, In August of 2005, New York became the 33rd State, as part of the Women In Government's Challenge to Eliminate Cervical Cancer Campaign, to enact legislation that aims to prevent and ultimately eliminate cervical cancer; and

WHEREAS, It is imperative that there be greater public awareness of this serious health issue, and more must be done to increase activity at the local, State and national levels to support the patients as well as their families; now, therefore, be it

RESOLVED, That this Legislative Body pause in its deliberations to memorialize Governor Andrew M. Cuomo to proclaim January 2017 as

Cervical Cancer Awareness Month in the State of New York; and be it further

RESOLVED, That a copy of this Resolution, suitably engrossed, be transmitted to The Honorable Andrew M. Cuomo, Governor of the State of New York.
