WHEREAS, In September of 2014, Aspire of WNY proudly opened its fully renovated and expanded Center for Learning campus; the school featured state of the art technology, 100% accessibility, 21st century

environmental controls and new specialty spaces including a Cafetorium, Life Skills classroom and walking track; and

WHEREAS, Today, one of Aspire's most renowned programs is their Individual Residential Alternatives (IRAs), which provides living opportunities for people with development disabilities with 24/7 assistance in over 43 group homes; and

WHEREAS, For the last 70 years, Aspire of WNY has been driven by the core belief that children and adults with developmental disabilities have the right to realize their full potential and live as independently as possible; and
