| ISSUE: **WATER QUALITY**

This year's historic state investment in water quality will help municipalities complete vital projects. We are hopeful that it will represent a long-term model for strengthening the state-local partnership for the ongoing good of local environments, local economies and local property taxpayers.

Senator O'Mara offers his weekly perspective on many of the key challenges and issues facing the Legislature, as well as on legislative actions, local initiatives, state programs and policies, and more. Stop back every Monday for Senator O'Mara's latest column "From the

Capitol..."
