

NEW YORK STATE SENATOR

Michael H. Ranzenhofer

## Ranzenhofer Sponsors Free Drop-off Event to Recycle Electronics

SENATOR MIKE RANZENHOFER June 9, 2017

| ISSUE: **ELECTRONIC RECYCLING, ENVIRONMENTAL PROTECTION**

Western New York residents will be able to recycle their old, unwanted electronics during a free drop-off event– sponsored by Senator Michael H. Ranzenhofer– on Saturday, June 10th from 9:30 a.m. to 1:30 p.m. at Eastern Hills Mall, 4545 Transit Road.

“My upcoming recycling event is a simple and easy way for residents to get their old electronics out of their basements and garages. Recycling unwanted electronics keeps dangerous, hazardous waste out of our landfills and helps to better protect our environment. Together, we can do our part to keep our landfills free of hazardous e-waste,” said Ranzenhofer.

The event is being held in conjunction with Sunnking Electronics Recycling and Spectrum.

“Spectrum is excited to partner with Senator Ranzenhofer on this important “green” initiative,” said Mark Fitchett, Spectrum AVP of Field Operations for Western NY. “I hope residents take advantage of this free and easy way to dispose of their unwanted electronics in a safe and responsible way that protects our environment.”

The following items will be accepted to recycle:

- Televisions (CRT- Limit 4 per car, LCD, LED, Plasma, 3D)
