Launching Satellite Offices in Sunset Park!

JESSE HAMILTON May 31, 2017

| ISSUE: **CONSTITUENT SERVICES, IMMIGRANT RIGHTS, SMALL BUSINESS**

Promoting easy access to Chinese and Spanish language services to help constituents

The launch of these satellite offices in Sunset Park extends our effort to ensure that people who can't make it to our district office in Crown Heights have an opportunity to receive help. This initiative builds on our mobile offices that visit libraries, community centers, parks, and subway stations. I am committed to connect with every neighborhood I represent, sharing community resources, and staying on top of community concerns. These satellite offices will only add to our capacity to serve all our communities.

Please see our flyer for additional details.
