

NEW YORK STATE SENATOR

Pamela Helming

Senator Helming Attends Finger Lakes Regional Watershed Alliance Meeting

PAMELA HELMING July 17, 2017

Senator Pamela A. Helming (R,C,I-Canandaigua) stands with members of the Finger Lakes Regional Watershed Alliance following the group's Monday, July 17, 2017 meeting at the Finger Lakes Institute in Geneva. As well as listening to reports about the efforts of the FLRWA and its individual lake associations around the Finger Lakes region, Senator Helming had the opportunity to address the work that she is doing to protect bodies of water and drinking water sources around the region.

“As someone who has lived near Canandaigua Lake for more than 30 years, I am proud to be an advocate for the vast natural resources of the Finger Lakes region, including these pristine bodies of water from which many of us in the 54th District get our drinking water. It was a pleasure to attend the Finger Lakes Regional Watershed Alliance meeting with these terrific individuals who represent all 11 of the Finger Lakes from Otisco Lake westward to Conesus Lake. It was important to hear them share information regarding issues that concern these lakes and other bodies of water, such as staffing to monitor these lakes, and see what we in the State Legislature can do to help them and support their efforts,” Senator Helming said.

Senator Helming represents the 54th Senate District, which consists of Seneca and Wayne Counties, parts of Cayuga and Ontario Counties, and the towns of Lansing and Webster. For more information, please visit Senator Helming’s [website](#), or follow @SenatorHelming on Facebook or Twitter.
