| ISSUE: **FIRE SAFETY, FIRE PREVENTION, HEALTH, WELLNESS**

Sound the Alarm Save a Life

Fires across the country take the lives of seven people each day. That is why it is critical to educate every household about fire safety and fire prevention. I am proud to partner with the American Red Cross as a Sound the Alarm Champions. It was my pleasure to meet with them at my office today. Stay tuned for the public service announcement and our event to install over 1,000 smoke alarms this October!
