Ritchie Delivers \$64,000 in Funding to Improve Public Safety in St. Lawrence County

PATTY RITCHIE September 13, 2017

In an effort to improve public safety in the North Country, State Senator Patty Ritchie is announcing she has secured \$64,000 in special funding that will help support the St. Lawrence County Sheriff's Department and numerous county fire departments.

Funds secured by Senator Ritchie will help the St. Lawrence County Sheriff's Department with crime control and prevention programs. In addition, they will also help nearly 20 different fire departments make upgrades to their facilities and purchase equipment that

will allow them to respond to emergencies.

“Our region’s fearless first responders have the very difficult—and dangerous—job of protecting the public from harm,” said Senator Patty Ritchie. “They risk so much to keep us safe and that’s why it’s imperative that we are there to support them. I am pleased to provide this funding, which will help our responders not only be more prepared when going into harm’s way, but be better protected.”

“Given the size of the county, it’s crucial that our deputies have the necessary resources to effectively respond to calls, which can make a difference when it comes to saving lives,” said St. Lawrence County Sheriff Kevin Wells. “On behalf of the entire St. Lawrence County Sheriff’s Department, I want to thank Senator Ritchie for providing this funding, which will assist our deputies in their daily efforts to protect public safety.”

The vehicle will allow the Department to respond to fire and other emergency calls in fields and wooded areas that are not easily accessible by a traditional fire engine.
