Yorktown, NY - Over 400 road racing enthusiasts braved the brisk morning air to participate in Senator Terrence Murphy's Inaugural Hudson Valley Turkey Trot. The 5k race, held early Thanksgiving morning, was organized to benefit two local food pantries - St. Mary's of Mohegan Lake and St. John's of Mahopac.

"We were very pleasantly surprised by the overwhelming response from our community. It

comforting to know that people are willing to come out on Thanksgiving to help families who are less fortunate," said Senator Murphy. "I am confident the Turkey Trot will continue to attract racers to Yorktown for many years to come."

Greg Diamond, Vice President of the Taconic Road Runners stated, "We were elated to organize a Turkey Trot for Thanksgiving because so many people were interested in helping out the local food banks. We look forward to next year's race and being able to sign up twice as many runners."
